#### Operational Notice: Recent tax letters

I don't usually start these updates with operational or administrative information, but I need to do so this week. We, like most non-profit organizations, send out year-end tax letters. As supporters of our work, you provide us with funds to do our work. We, and the recipients of our allocations, are grateful.

The database and accounting systems we use are designed on a "pledged based" format (this can get complicated to explain), which means that we record a pledge when we get one, but the pledge doesn't become a donation until paid. In addition, if the payment comes from a donor advised fund, IRA, or other security that has already received a tax benefit, our system does not produce a tax letter.

Why is this confusing? Recently, you might have received a letter from us listing a donation but not listing all of the pledges and contributions you have made this year. This can be startling to read, I noticed this when I received a letter only listing the contributions I made as tributes and not the Annual Campaign support.

Moving forward, we will be sending letters with the total amount of your support. If you have further questions about this, please contact me or Bebsy Morrison at the office (760) 324-4737. My apologies for any confusion.

Upcoming Events:

Monday, February 13, 3:00 p.m., Hebrew University Professor Reuvan Hazan will lead a discussion on the current political situation in Israel. Please RSVP to [Gloria.benavides@jfedps.org](mailto:Gloria.benavides@jfedps.org) or (760) 324-4737.

Wednesday, February 15, 5:30 p.m., Major Gifts Event, honoring Ellen and Phil Glass and featuring Ira Rosen, author of “The Ticking Clock, Behind the Scenes of 60 Minutes.”

Israel Updates:

Keeping up to date on Israel can be a full-time job. I try and stay on top of it as best I can. The fatal shootings last week in Jerusalem, Secretary of State Antony Blinken, recent rockets from Gaza, Rallies around the country, there is a lot going on. One issue out of Israel that seems to be in the headlines in America is the issue of Judicial Reform. I will be writing an overview of this for the March issue of the JCN. If you can't wait until then, the Times of Israel has a new podcast (not mine) that goes into depth on this issue. Here is the [link](#).

Something a little different coming out of Israel's science community is a recent brain study, using MRI scans. Scientists can determine if someone is politically left leaning or right leaning—more on this in the future.

Shabbat Shalom and Happy Tu B'shvat.

## GETTING TO KNOW YOU "PODCAST"

Our guest this week with Alan Potash and Jeff Hocker is John McMullen, Owner of Radio 111. We had so many things to talk about that we recorded a second episode that we will share with you next week. John shared a lot about the growth of spoken word radio and the evolution of streaming services.

Without the generosity of people like you, the support we've been able to provide and continue to provide would not be possible.

Jewish Federations have raised \$73 million and allocated nearly \$61 million to NGO's Ukraine and neighboring countries to support refugees and Jewish communities in their time of need. And as the needs change, we continue allocation funds to meet them.

Because of JFNA's partner agencies, the Jewish Agency for Israel, JDC and World ORT, have been working steadily in Ukraine for generations - we've been able to be on the ground responding to emergency needs from day one of the conflict. [CLICK FOR UKRAINE EMERGENCY RELIEF FUND!](#)
